Fall 2021

Seekers of Truth

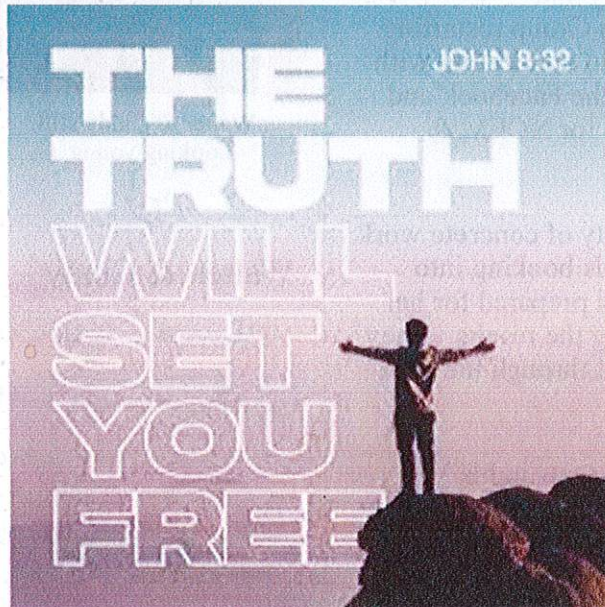

Pandemics, masks, vaccines, drought, grasshoppers, earthquakes, political shifts in Israel, hacking, US pull out of Afghanistan, and so much more. Our news script reads like a page out of one of the prophets or Revelations.

One of the good things that is happening is that everyone is looking at the recent events and are looking for answers.

My long time neighbour was out doing yard work as Cindy and I were going for a walk. We stopped to say hi and to see how he was doing. From the moment we stopped he was anxious to talk to us about all the things he was reading and trying to learn about the recent world events. He

wanted to get my perspective but every time I was about to speak he jumped in again with more things that he has been learning. Finally he declared "Walter, I'm just a seeker after truth!"

He let out a deep sigh as I told him of my Christian perspective. I told him "The Bible says "you will know the truth and the truth will set you free" and that Jesus said that he "is the way, the

truth and the life and no one can come to the Father but by him." Seeking after truth is a wonderful thing but knowing where to look is also very important.

I encouraged him to read the Bible and I gave him some scripture to look up that described these events. Mathew 24 specifically addresses so many of the events that are happening today. I also shared a simple gospel message in hopes he would reach out to Jesus. My neighbour continues to send me many of the things he is reading and I continue to share with him.

It is easy to get caught up with the anxiety of the times we are in but God is still in charge! He isn't surprised by the events that are happening in our world. As the world falls apart God's plan is coming together. He told us in 1 Thessalonians that He is coming again and to "comfort one another with these words."

FAMILY UPDATE

What's new with the Selke family?

Daniel - asked a pretty woman to marry him and she said YES! Michaela Klassen (from Weyburn, SK) will join our family soon. Michaela is currently a seamstress for an online clothing line. Date for the big day to be determined. In the meantime, there will be a change of home and job in Daniel's future.

Caylea - enjoyed 3 weeks of leading junior staff at Big River Bible Camp. She also spent a week of R & R in Alberta visiting family and friends. With fall comes Youth Group restarting and Caylea is looking forward to connecting with her beloved youth. Check out the Facebook and Instagram posts Caylea puts up for NCEM & HHM.

Mark & Amy - Mark had plenty of concrete work to fill the summer and his boss is booking into 2022 already. Amy studied and prepared for her piano exam and is now awaiting the results. They were leading youth meetings all through the summer, as well.

Walter - is now recovering the seats in his VW Beetle. His health has been good and he will have a check up with his urologist later this month.

Cindy - lost her step-father, Clarence Hookenson, in June. She and her sister, Paula, helped their Mom and step-family with the graveside service held at Arcola Cemetery and a family gathering afterwards. He lived to be 101, a long full life.
